

STAHL'S[®] Hotronix[®] CATALOG

THE WORLD'S BEST-SELLING HEAT PRESSES

STAHL'S[®]
EUROPE • AFRICA • MID EAST

Decorate full fronts, then quickly change platens to decorate the sleeve, pant leg, left chest and more. No waiting for your heat press to cool down before safely changing out the platen. Simply flip the latch, lift up your platen and drop in any one of eight optional platens.

10 x 10 CM

Heat print sleeves, neck tags, youth apparel and more! Allows for easy application near seams, zippers, and buttons.

Ø 18 CM ROUND

Perfect for heat printing designs or numbers on the shoulders of team jerseys, ends of duffle bags and items that require a round printing surface.

15 x 25 CM

Ideal for heat printing smaller areas of garments such as left chest logos, hoodie pockets and legs of shorts. Use portrait or landscape.

20 x 25 CM

Just the right size for heat printing totes and polypropylene bags. Slide items onto the platen for efficient heat printing on both sides. Use portrait or landscape.

28 x 38 CM

The design of this platen accommodates smaller women's and children's apparel. Well-suited for dance wear, leotards, youth T-shirts and drawstring bags. Use portrait or landscape.

HAT BILL

Get ahead of the competition with design placement on trendy flat-billed caps. Print the underside of cap bills or turn the caps inside-out and print the tops of the bills.

SHOE

Unique placement drives sales. The Hotronix® shoe platen makes heat printing on the side of most popular youth and adult shoes simple. Accommodates design up to 5 x 10 cm on cleats and other athletic footwear.

CAN COOLER

Steel construction with no rubber pads for easy Threadability™. Decorate up to 8 collapsible can coolers at a time.

FUSION® SLEEVE / LEG

This 15 x 50 cm platen is perfect for heat printing designs and vertical text on sleeves, pant legs and other long, slender items. Quick Slip Lower Platen Protector included.

DOUBLE SLEEVE / LEG

Twice the production capabilities in a single platen. Compatible with all 16" x 20" Hotronix® heat presses, its slim design is ideal for heat printing slender items such as adult and youth shirt sleeves, pant legs, or use the center point to add labels to necklines and collars.

CAP PLATENS

Make decorating hats easier with interchangeable cap platens. Apply transfers or letters and numbers on visors, bucket hats, baseball caps and more. Perfect for adding designs to the front, back, side or brim of headwear.

7 x 16 cm - for low-profile caps

7,5 x 14,5 cm - for lower-crown caps

10 x 16 cm - for full-crown ball caps

10 x 22 cm - for oversized caps

QUICK SLIP LOWER PLATEN PROTECTOR

Reduce wear and tear on the lower platen of your heat press with the Quick Slip Lower Platen Protector. This non-stick fitted cover slips snugly over the bottom heat press platen. A must-have for Threadability™, platen protectors make it easy to load and unload garments, increasing productivity.
